

About The ELC

Our Mission:

More than just two buildings set on 31 acres of park, meadow, and forest, the Crooked Creek Environmental Learning Center is an organization dedicated to promoting environmental and resource conservation education in Armstrong County.

The ELC actively engages in cooperative educational programs with many area organizations and individuals including educational agencies and institutions, conservation agencies, grassroots environmental organizations, local businesses, and private citizens.

GIVING TREE

Promoting Environmental Education and Responsible Resource Stewardship.

Environmental Learning Center Giving Tree Fundraiser

Armstrong County has no county or state parks. The Crooked Creek Environmental Learning Center is uniquely suited to fulfill the need for a facility and organization to provide environmental and resource conservation education.

Unlike state and county parks, the ELC is not supported by tax dollars and must rely on grants, user fees, donations, and sponsors to sustain operation.

The ELC has an extensive collection of wildlife

Donation benefits include an engraved leaf on our Giving Tree, a monthly e-newsletter, and most importantly the pride and satisfaction that comes from helping to improve environmental and resource conservation and the quality of life in our community.

Yes! I would like to make a contribution to the Environmental Learning Center and continue to promote environmental education and resource stewardship.
