PLATO Learning by Edmentum

PLATO Learning by Edmentum is a virtual classroom that allows the ACCL to individualize learning experiences – giving our students their absolute best chance for success.

The course list available for PLATO Learning is growing all of the time. You could prepare for your high school equivalency exams or prepare for return to college. Here are some of the course offerings available through the ACCL. If your course isn't listed, please email us at jrsmith@armstrongcenter.org to find out if we have courses that will suit your needs.
